#### Layout

##### Living and cooking

From the hall where you have access to all rooms.

Spacious living room with laminate flooring and lots of light.

Through the hall we reach the simple closed kitchen. The kitchen block is placed in a straight line-up and provided with sufficient cupboard space so that all pots, pans and other kitchen utensils are neatly stored away. You also have access from the kitchen to the spacious balcony with storage cupboard.

The washing machine is also located in the kitchen.

##### To sleep

The apartment is equipped with 3 nice bedrooms, one at the front and two at the quiet rear. The 2 large bedrooms are both of a nice size, nice and light and have a neutral finish, so that little is needed here to create a relaxing space where you can end the day in peace. In addition, both bedrooms have a closet where you can hang your wardrobe neatly away.

##### Bathroom

The bathroom is also accessible through the hall. The space is largely tiled in a light color so that it is completely taken care of. You will also find a walk-in shower and a sink here. Next to the bathroom you will find the toilet in a separate room.
